

## Mounting Suggestions: Honda Valkyrie 1997-03 Fender Bib

### Mounting of Mustang Fender Bib

1. Remove seat.
2. Secure front of bib with two stock screws.
3. Rear of bib is secured with one rear stock fender screw.
4. Reinstall solo.

*NOTE: Mustang recommends removal of fender bib before reinstalling rear seat. Mounting a rear seat over a fender bib may result in damage to the bib, poor seat alignment or other problems.*
