

## Mounting Suggestions: Kawasaki Vulcan 2000 Classic 2004-09 & LT 2006-09 Tank Bib

### Mounting of Mustang Tank Bib

1. Remove seat.
2. Remove the one dash mounting bolt with a 4 mm Allen wrench.
3. Open gas cap then slide dash back toward the rear of bike.
4. Place the tank bib over the gas cap and dash mounting square boss. (see image)
5. Slide dash forward into its front mounts then install Allen bolt. (see image)
6. Remove rear mounting bolt at base of gas tank with 12 mm wrench.
7. Fasten the rear of bib with the tank's rear mounting bolt. Be sure to place the tank's large flanged washer over the bib, then install bolt. (see image)
8. Tighten with a 12 mm wrench.

Step 4

Step 5

Step 7

**Thank you and enjoy your Mustang Tank Bib!**

These steps are guidelines to help you install your new Mustang Product.
